

TECHNOLOGY'S GREATEST CREATOR

THE GREATEST GIFT TO
TECHNOLOGY

His legacy will always be remembered

Steve Job lived a very long and successful life. He created apple and the technology we rely on today. Steve Jobs has created so much in his lifetime that has impacted the world we live in today. This impact is

so large that he will go down and be remembered in history as the world's greatest gift to renovation of technology. Steve jobs brought our society to greater heights. We thank Steve Jobs and his

determination to enhance our knowledge of how far technology can go. He took us from computers and Pc's to Mac's, I-pod touch's, and I-pads.
